WELCOME TO OPEN STREETS HAMILTON

SUNDAY, SEPTEMBER 23, 2012

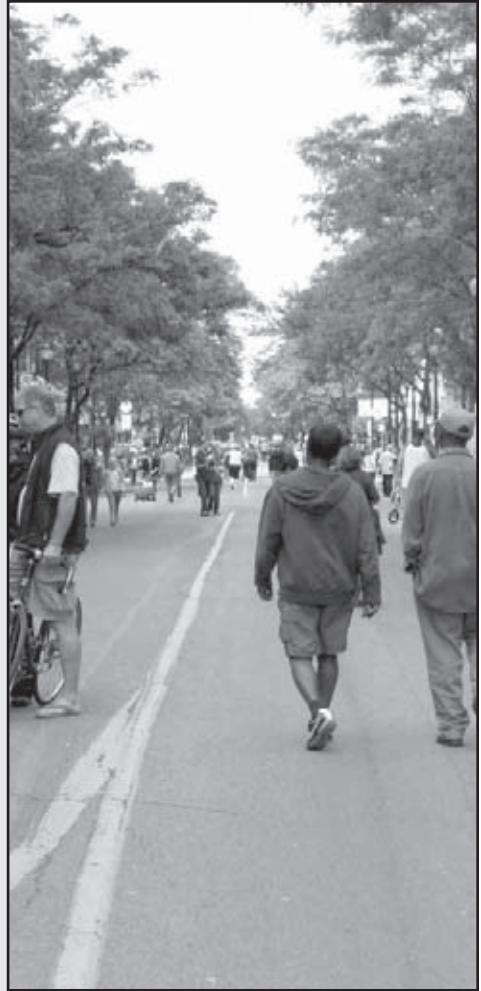

Open Streets Hamilton is the product of local neighbourhood associations, businesses, environmental organizations and city departments working together to promote the use of walking, cycling and public transit in the city. It's also used as a way to highlight the great work being done in the city to create a safe, healthy and sustainable future for everyone.

For the first time our event also includes an extended location at McMaster University and Sterling Street, in partnership with Westdale Village and the Ainslie Woods/Westdale Community Association. We would like to thank McMaster University, Westdale Village and the Ainslie Woods/Westdale Community Association for their support and contributions to our project!

Our September event includes over 3 kilometres of car-free streets for pedestrians, cyclists, scooters, skateboards, wheelchairs, games, and activities. Special events and programming will be taking place throughout the street, and we would like to thank all our participants and partners for their amazing contributions.

Thank you for joining us at Open Streets Hamilton!

McMASTER EDITION

A MESSAGE FROM OUR PRESIDENT

Dear Community Members,

Welcome to the McMaster Edition of Open Streets Hamilton! We are so glad you have chosen to take part in this day and join us in celebrating our 125th Anniversary and the 82 years that Hamilton has been our home. This event is a great way for us to celebrate our place within the Hamilton community and we are delighted to be partnering with Open Streets Hamilton and to be inviting members of the local community onto our campus to explore, learn and play. I hope you have the opportunity to experience both of Open Streets Hamilton's locations, here at McMaster/Westdale (Sterling St), and downtown on James St North. Please

take advantage of the resources our campus has to offer, whether it be our facilities, our beautiful grounds, or the many educational events and lectures, free to the public, that regularly take place here. We encourage you to make the streets your playground, and hope you will return again soon.

Sincerely,

Patrick Deane

President and Vice-Chancellor
