Welcome to Open Streets Hamilton

Sunday, June 24th 2012

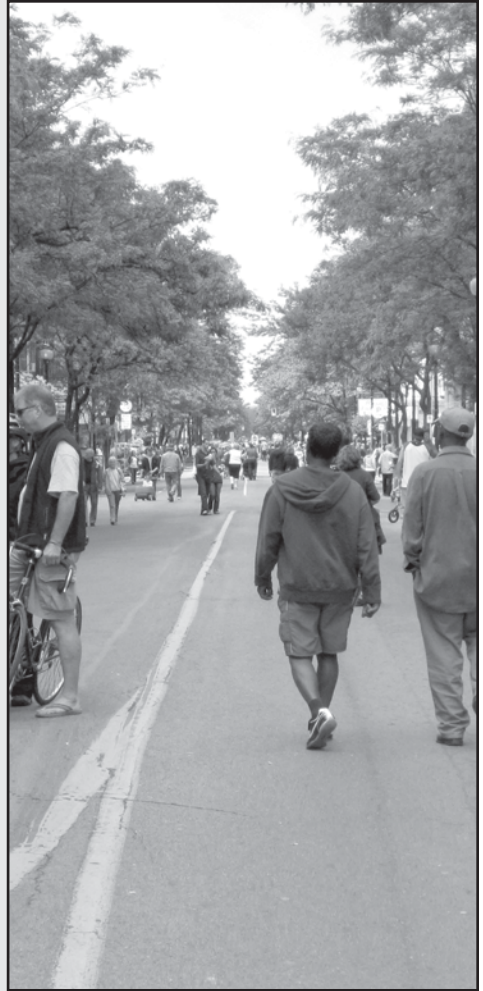

Open Streets Hamilton is the product of local neighbourhood associations, businesses, environmental organizations and city departments working together to promote the use of walking, cycling and public transit in the city. It's also used as a way to highlight the great work being done in the city to create a safe, healthy and sustainable future for everyone.

Our June event includes over 2 kilometres of car-free streets for pedestrians, cyclists, scooters, skateboards, wheelchairs, games, and activities. Special events and programming will be taking place throughout James Street North, and we would like to thank all our participants and partners for their amazing contributions.

Our fall event this year will take place on Sunday, September 23rd on James Street North and will also include an extended location at McMaster University and Sterling Street, in partnership with Westdale Village and the Ainslie Woods/Westdale Community Association.

Thank you for joining us at Open Streets Hamilton!

*Sunil Angrish,
Steering Committee Chair*
