A MESSAGE FROM OPEN STREETS HAMILTON

Welcome to the 7th edition of Open Streets Hamilton on James Street North!

Open Streets Hamilton is the product of local neighbourhood associations, businesses, environmental organizations and city departments working together to promote the use of walking, cycling and public transit in the city. It's also used as a way to highlight the great work being done in the city to create a safe, healthy and sustainable future for everyone.

Over the last year, Open Streets Hamilton successfully incorporated itself into a not-for-profit organization and we are working towards our first annual general meeting. We have a great board of directors working towards developing and expanding Open Streets Hamilton as an organization.

We also recently launched a Bike Valet program at several large events in the city, stayed tuned for more updates on this exciting new project!

This year we're proud to have several new partners and additions to our event, including even more activities and programming throughout over 2km of James Street North!

Thank you for joining us at Open Streets Hamilton!

Sunil Angrish,

*Founding Director, Event Planning Committee
Chair & Interim Coordinator*
